

I am asking you to please leave the FM translator which broadcasts K-LOVE on the air.

K-LOVE is the only station we listen to. We have it on at home and in the car. It always broadcasts a positive message and an appropriate broadcast for all ages. I have 2 children and I am very grateful for the service that K-LOVE provides for them. There are many stations that broadcast music that is very inappropriate for "young listeners" and "adult listeners" as well.

If you were to take K-LOVE off the air and replace it with an LPFM broadcaster, my family would have very little to listen to as well as many other families in our area. I am trying to raise children with values and K-LOVE supports the things I believe are true for families today.

K-LOVE serves the general public as well as families like myself. Many workplaces that broadcast stations such as K-LOVE provide their customers who might be waiting with a much "calmer" atmosphere. It is very refreshing to hear "light" music verses "hard" rock when waiting in an office somewhere.

K-LOVE does not broadcast profanity or any unwholesome music. If we are trying to raise children who are honorable and not violent, then wouldn't it make sense to keep a radio station on the air that promotes kindness and truth. It has been proven that music has a HUGE impact on many teenagers, so please keep K-LOVE on the air to give our teens a choice of this positive music. Thank you.
